

Let's Chat Series

“Let’s Chat” is an online series of seminars hosted by VASO to help students prepare for a variety of events. Most of this series will be about building events. It will be a discussion between people knowledgeable about the event, followed by a Q&A with the audience. It is open to all and free of charge. [Signup is required.](#)

Depending upon the event, the discussion will include such topics as: the event focus, differences from the previous year, getting started, resources, common mistakes, judging setups and standards, VASO clarifications, and log expectations.

Have event questions, but can't attend the session?

- You can submit your questions ahead of time for us to address. In fact, we would prefer people planning to attend the session also submit their questions ahead of time to ensure that we cover everything!
- The session will be recorded and released on our YouTube Channel and the appropriate VASO event page.

Sessions will be on selected Wednesday nights and Saturday mornings from October 29 – December 28. The specific schedule will be in the calendar on the VASO website (<https://www.virginiaso.org/div-bc>).
